Mission: Sponsorship benefits members of the local Hopkinton Scout Troop by supporting a trip to New Mexico for the summer of 2025. The 14-day trip includes a national park visit, and a 12-day backpacking trip through the back country of New Mexico. This provides a once in a lifetime opportunity. By participating in this outing you are directly supporting scouts ages 14-17 by helping to defer this large expense. Because of your involvement in this golf outing, these 14 boys will learn leadership skills, develop strong moral skills, and become the kind of citizens that will make our community a better place to live, work, and serve.
